

Audio Visual Products and Services

We are still in the process of making awards under solicitation 5400011023, so a detailed contract page is not available at this time. Until we complete the initial awards, please reference the Contract Awards page for the vendors available and their discount offerings:

<http://webprod.cio.sc.gov/SCSolicitationWeb/contractSearch.do?solicitnumber=5400011023>

The new audio visual contract can be a one-stop shop for your project needs. There is not a separate category for installation. The new contract gives maximum hourly rates, which should be referenced for any installation required.

All audio visual contracts issued prior to May 16, 2016 are now terminated.
